

# RBS-2

HP 20-40

• The side shift RBS-2 tiller has been designed in a way to enhance the efficiency and toughness of the machine without compromising on the versatility and simplicity of its use. This tiller is particularly suitable to be used in difficult low clearance conditions such as orchards, vineyards and greenhouses. The unique 3 point hitch system allows for easy and secure offset of the machine.

• La fraise rotative déportable mod. RBS-2 est une machine fiable et économique; étudiée pour utilisation dans les vignes, et vergers, elle peut être aussi utilisée aisément dans les cultures spécialisées, dans les serres et jardins. Le robuste attelage déportable consentira un fiable et facile système de déport de la machine.

• La zappatrice spostabile RBS-2 è efficiente e resistente pur nella sua versatilità e semplicità d'uso; utilizzabile nei frutteti, vigneti, agrumeti, serre e giardini. Il particolare sistema di attacco permette un facile e sicuro spostamento della macchina.

• Die seitenverschiebbare Bodenfräse RBS-2 is auf den harten Arbeitseinsatz gebaut worden, trotz seiner Vielseitigkeit und Einfachheit der Konstruktion. Geeignet für den Einsatz in Obstanlagen, Weinbau, Garten und Glashäusern. Der besondere Versetzwagen erlaubt müheloses Seitenversetzen des Gerätes.

• El rotocultivador desplazable RBS-2 es resistente y eficiente por su versatilidad y simplicidad de uso. Utilizable en frutales, viñedos, agrios, colinas y jardines. El particular sistema de enganche permite un fácil y seguro desplazamiento de la máquina.
